

## History of the Weblinks Project

This section of our website was originally made possible by funding from the National Office of Literacy and Learning, and by the information provided by many of our member Councils, AlphaPlus and the National Adult Literacy Database (NALD). Many thanks for your invaluable contributions. Since the project ended we have continuously updated and added new content. The members of the Advisory Committee who reviewed the original content were:

- **Anthony Gomez**  
University of Windsor - Student Disability Services
- **Jennifer Ellis**  
Midland Area Reading Council
- **Chris Prosser**  
The Literacy Group of Waterloo Region

We would also like to thank the following organizations for their participation as pilot sites in the original project:

- **Gateway Centre for Learning** - Midland
- **Learning Disabilities Association** - Windsor
- **Literacy Council York-Simcoe** - Newmarket
- **Sound Data Solutions** - Owen Sound
- **The Literacy Group of Waterloo Region** - Cambridge
